

## EC517 – 2014 EAGM REPORT

---

### **22TH DECEMBER 2014**

The 2014 Laser European Annual General Meeting (EAGM) was held on the 6<sup>th</sup> and 7<sup>th</sup> December in La Résidence Internationale de Paris, in Paris.

There were a total of 29 representatives from 18 districts with all the executive committee and all EurILCA staff.

The current Executive Committee was re-elected unanimously.

The 2014 EurILCA budget was balanced with a little surplus. The EAGM will wait for the next EAGM to review the situation and decide how to use any surplus in 2015. The revenues for EurILCA came mostly from the EurILCA quota of the entries at the Europeans. If there are fewer entries in 2015, there will be less income.

### **European Championships:**

The quality of organization at the European championships was also discussed and more evaluation will be made after the events.

For 2015, all European Championships are underway, all contracts are signed and Notices of Race published on eurilca.eu (the site to enter for the European Championships). There is only one championship pending due to the cancellation of La Baule mid November for the Radial Youth Under 19. A solution is underway and hopefully this will be resolved before 2015.

The EAGM confirmed the European Championships for 2016 (subject to contract).

- The 2016 European Championships will be held as follows:
  - European Laser 4.7 Youth Championship & Trophy, **Crozon Morgat – France**
  - European Laser Radial Youth Championship & Trophy, **Talinn - Estonia**
  - European Under 21 Laser Radial Women and Standard Championship & Trophy, **Split - Croatia**
  - European Laser Radial Women, Men and Standard Senior Championship & Trophy, **Grand Canaria (Spain)**
  - European Masters Championship, **Hvar - Croatia**

The EAGM proposed for 2017 the following European championships (subject to contract and site visit + final evaluation):

- European Laser 4.7 Youth Championship & Trophy, **Poland**
- European Laser Radial Youth Championship & Trophy, **Weymouth (UK)**
- European Under 21 Laser Radial Women and Standard Championship & Trophy, **Douarnenez, France**
- European Laser Radial Women, Men and Standard Senior Championship & Trophy, **Barcelona (Spain)**
- European Master Championship Fouesnant, France

### **Europa Cup 2015 :**

- There will be a new ranking category for Europa Cups exclusively. Sailors will be able to view their progress in the Europa Cup series during each calendar year (January – December 2015). Ranking will be based on the 3 best Europa Cup results (using the current points system) including a mandatory grade 0 event. Prize giving for the Europa Cup ranking will take place at the last Europa cup in Hvar, December 2015.
- It was decided to increase the Europa Cup entry royalty from 3 euros to 4 euros to match the Euromasters Series.

### **Masters:**

- A new category was approved for the “Great Grand Master Standard rig” aged from 65 to 74 (in the year of the championship)
- A new category was approved for Masters in the radial rig age 75 and older called the “Legend Master”.

**The 2015 EAGM will be held in Athens, Greece on the 28<sup>th</sup> – 29<sup>th</sup> November.**

Wishing you all Happy Holidays.

Kind Regards,

***Sarah Labaied***  
European Secretary
